ABSTRACT FOR SUBMISSION FOR THE ESVCP 2011 CONFERENCE

A.J. Smith¹, C.D Jones², H. Chen², ¹Department of Clinical Pathology, University of Hastings, Devon, UK and ²Vet Labs, Paignton, Devon.

Please read carefully and follow these ten points. 1) Abstract submission provides assurance: a) of adherence to rules, and scientific validity of presentation. b) that reported investigations involving animals have been conducted in compliance with guidelines for experimental procedures as set forth in the NIH "Guidelines for the Care and Use of Animals" or equivalent, as applicable. c) That this work will not be presented in any form at a national or international meeting prior to this meeting. 2) Abstracts should be informative, containing: a) **Background:** b) The study's specific **Objectives:** unless given by the title. c) Brief statement of **Methods:** if pertinent. d) Summary of **Results:** obtained. e) Statement of **Conclusions.** Subsections should be bolded and followed by a colon. It is NOT SATISFACTORY to state "results will be discussed." 4) An abstract may be rejected for publication if submission instructions are not followed. If accepted, your author-prepared abstract will be published exactly as it appears here. ESVCP is not responsible for author errors. 5) Fill in all requested information in the abstract submission form. 6) Abstracts will be peer-reviewed. 7) All abstracts must be in plain text, in English with no embedded symbols or formatting characters. Submissions may not include charts, graphs, pictures, tables or references. Please use words to spell out symbols. 8) Abstracts may not exceed 300 words (including title, authors and body). 9) Type abstract title in all capital letters. Include a listing of all authors (use initials for first and middle name and spell out the last name, do not include degrees) and their corresponding departments and affiliation/institution. 10) Indent the first line of each paragraph.
