

## **Veterinary Clinical Pathologist**

Applications are invited for this new position in Langford Veterinary Services. The Langford Veterinary Services is a wholly owned subsidiary of the University of Bristol. We have the largest team of American and European Specialists in the South West of England, two state of the art referral Hospitals for small animals and equines, a full diagnostic laboratory service and equine, farm and small animal first opinion practices. The Diagnostic laboratories offer clinical pathology service for internal and external clients, including referral and first opinion practices throughout the UK.

Applicants must have completed a postgraduate training programme and/or have specialist professional experience in clinical pathology. Preference will be given to applicants with a postgraduate qualification in clinical pathology. The primary duties will be diagnostic clinical pathology service, with some clinical teaching. Excellent team work and communication skills are a prerequisite.

For further information and to submit an application form, please contact Richard Hammond, Chief Executive. Informal enquiries can be made to Kathleen Tennant, on +44 (0117) 928 9412, e-mail: [kathleen.tennant@bris.ac.uk](mailto:kathleen.tennant@bris.ac.uk).

Further details and an application form can be found at:  
<http://www.langfordvets.co.uk/vacancies>

The closing date for applications is the 22<sup>nd</sup> April 2016.
