

Veterinary Clinical Pathologist at SYNLAB Vet Germany

SYNLAB Vet Laboratory Diagnostics is a fast-developing international company with 5 laboratories in Germany. For our team "Research & Development" we are looking for a person supporting the field of canine and feline medicine.

Your mission:

- continuing development of our diagnostic portfolio in the field of canine and feline medicine
- giving lectures and workshops for our customers (veterinarians)
- representing SYNLAB vet on national and international conferences
- consulting for our customers in special cases

What we expect:

- Diplomate European College of Veterinary Clinical Pathology
or
- Diplomate European College of Veterinary Internal Medicine - Companion Animals
- fluent German in speaking and writing

What we offer:

- performance-related income
- adequate training opportunities
- experience of a dedicated team

To apply for this position, please send your cv by email to veit.kostka@synlab.com
