

Zoetis Virtual Lab is looking for full-time AND contract clinical pathologists across the globe

Zoetis Virtual Lab (ZVL) is looking for dedicated and experienced veterinary clinical pathologists that are interested in **flexible contract work or full-time employment**.

Come join an amazing global team of clinical pathologists with diverse backgrounds and expertise that enjoy working on our state-of-the-art IMAGYST platform.

Full-time positions offer a competitive salary, excellent benefits, and the opportunity for continued professional development.

Contract positions offer flexibility and the opportunity to ‘dabble’ in the burgeoning world of digital cytology (a great opportunity for university faculty to give residents exposure to digital [wink,wink]!).

ALL positions offer a supportive, inclusive, values-driven environment, the opportunity to see cytology and hematology cases from diverse species from all over the world, and the chance to work with a FUN group of hard-working, experienced experts on a world-class digital platform.

Interested in learning more about these opportunities in the US or internationally? Please contact Sarah Johnson (sarah.johnson1@zoetis.com).
