

## **VETERINARY CLINICAL PATHOLOGIST VACANCY**

### **New Zealand**

Gribbles Veterinary Pathology is New Zealand's leading veterinary pathology provider with a team of 16 Veterinary Pathologists located in five dedicated veterinary laboratories across New Zealand. Gribbles Veterinary Pathology provides diagnostic pathology services for livestock, companion animal veterinarians, university and research facilities, as well as zoo and wildlife organisations.

We are currently seeking an enthusiastic and dynamic Veterinary Clinical Pathologist to join our team in New Zealand. The ideal candidate will have a client-oriented approach and excellent communication skills. This role is a permanent position. Applicants seeking a full or part-time position will be considered.

Primary duties include the evaluation and interpretation of clinical pathology results and cytology samples. Provision of phone consultation to veterinary clients is part of the role. Our supportive professional environment provides opportunities for further career development through continuing professional education and active participation in continuing education seminars for clients.

Essential to this position is a veterinary degree suitable for New Zealand registration, previous experience in diagnostic veterinary pathology and a demonstrated commitment to providing a high quality pathology service. Board certification by the ACVP/ECVCP or Fellowship of the ANZCVS is preferred, although board-eligible or other highly qualified applicants will also be considered.

New Zealand is a fabulous place to live and work. New Zealand is known for its beautiful landscapes, varied outdoor pursuits and cosmopolitan cities.

This is a great opportunity to join the Gribbles Veterinary team, if you are interested in this role please submit your CV and covering letter to [www.healthscopecareers.co.nz](http://www.healthscopecareers.co.nz) today.
