

Batt Laboratories Limited invites applications for a **veterinary clinical pathologist** position. Batt Laboratories is owned by LABOKLIN GmbH, a leader in veterinary diagnostic development and service worldwide. Batt Laboratories has a strong history of personal, high quality, diagnostic laboratory service. We currently have two European board certified clinical pathologists and are seeking a dynamic third new member of the team to help with our expansion.

The main roles of the position include diagnostic cytopathology, interpretation and consultation on clinical chemistry, haematology, urinalysis, and a wide selection of laboratory results. Contributions towards microbiology, PCR testing and promotion of the laboratory are also valued.

The laboratory is located on the grounds of the University of Warwick Science Park, conveniently positioned on the southwestern outskirts of Coventry (Midlands, United Kingdom). The Midlands area is rich in history and offers a wide array of lifestyles from small picturesque villages to the bustling city nightlife.

Applicants require membership or are membership-eligible of the Royal College of Veterinary Surgeons, and preferably should have board certification in Clinical Pathology (ECVCP, ACVP, FRCPath), or at least be board-eligible. Applicants should be prepared to work in an enjoyable, busy commercial environment.

Business hours are Monday to Friday, from 9am to 6pm; closed on weekends and bank holidays. Working hours are negotiable.

For more information or to apply contact Francesco Cian at francesco.cian@battlab.com or 0247 632 3275.
